ESF canopy helps transformation of town shopping area

Environmental Street Furniture has supplied a Twin Conic Canopy for an enhancement scheme in the heart of a County Westmeath town shopping area.

The company worked from tender to supply stage with [John Craddock's](#) to provide the structure from its range to the Church Street/Civic Square Enhancement works, in Athlone Town Centre. The project is for [Westmeath County Council](#), with [Nicholas de Jong Associates](#) the architects and [O'SHEA Consulting](#) the consulting engineers.

The transformation €4 million enhancement scheme, supports the sustained and future growth of the town by revitalising the heart of Athlone's central shopping area both aesthetically and in terms of accessibility.

ESF supplied and delivered a Twin Conic Canopy which was 12 x 7 x 5.23m, galvanised and powder coated, 100% waterproof and with UV protection.

All ESF-made canopies are designed to Eurocodes standard. Structures can be individually manufactured to specific sizes to fit the site.
