Garden Trellis Co sheds are attractive storage choice

As the time approaches for much garden and sporting equipment to be put away for the winter, many people might be considering replacing or adding to their storage facilities. In this article, The Garden Trellis Co explores the choices available in wooden sheds:

No matter what your garden size, shape or style, everyone needs storage. Sheds and bike stores are the perfect practical storage solution. Available in traditional and contemporary styles, a choice of roof and window options and a wide variety of paint colours, The Garden Trellis Co's ranges are an attractive addition to any garden.

[Wooden sheds](#) are a great storage solution for sporting equipment. Anyone who owns a bike knows you have to find space for helmets, bike pumps and locks too. A shed provides the necessary additional storage for all your family needs. From hula hoops to footballs, tennis racquets or ping pong paddles, a shed provides accessible secure storage for items you'd rather not keep indoors.

For green fingered gardeners, a shed is vital for storing essential garden tools whether it's watering cans, trowels, seed trays or larger equipment such as a lawn mower or strimmer. A shed is a necessity for keeping everything organised, and in tip top condition.

The [wooden garden sheds](#) and [bike sheds](#) offered by The Garden Trellis Co are not only an attractive feature, they are perfect for keeping garden furniture, tools, Christmas decorations, electricals and all those odd jars and knick-knacks you may have collected over the years, close to hand.

Bikes, sporting and gardening equipment are valuable, and if you consider all the tools, toys and accessories you store in the garden, a shed with a lockable door gives you piece of mind that your personal possessions are clean, dry and safe.

Wooden sheds, [bin stores](#) and bike sheds can be a decorative addition to any garden. Not only are they beautifully crafted and sophisticated, but they will make your garden organised and tidy. The choice between traditional or contemporary shed styles along with paint and customisable aspects means you can create a shed to suit your space. The Garden Trellis Co also offers sentry stores, perfect for smaller gardens but still with enough space to fit fold away garden furniture and gardening tools.

[Bin stores](#) are perfect for concealing rubbish and recycling whilst still being aesthetically pleasing and not disturbing the design of your garden. You can choose from a range of bin store styles, including single, double and triple doors, all available in a range of colour options. They also come with lifting lids for ease of use and optional shelving.
