## **Green-tech opens new centre for trade customers**

***Landscape supplier Green-tech has opened a Landscaping Trade Centre near Boroughbridge, Yorkshire, for added convenience for customers.***

The Green-tech Trade Centre sells everything needed for commercial landscaping projects and customers benefit from discounted trade prices.

The Green-tech Trade Centre is open from 7am on weekdays. It is located within the Rabbit Hill Country Store on Rabbit Hill Business Park; just off the A168 southbound. There is plenty of free parking outside the Centre for quick and easy loading.

Trade Centre Manager Frankie Helliwell said: "This is a really exciting development for the local area. There is nowhere locally for estate owners and landscape gardeners to purchase and collect professional strength products.

"We are selling over 6,500 different landscaping products and customers can just call in from 7am and collect what they need for their job without worrying about minimum order value or waiting for delivery. There is also be a collection service available during the weekend. We are located just on the A168 so it's a really handy place for customers."
