

Press Release
10th November 2010

Masco Walcot Hardware on Offer Through November

Architectural salvage company MASCo WALCOT has announced 10% off its entire hardware range throughout the month of November. The offer applies both to its large showroom in Aston Down, Gloucestershire, and to the new shop in Walcot Street, Bath.

The stock available includes:

Original Hardware - A wide range of original hardware, both decorative and functional, from classic period pieces to early twentieth century collectables. The stock is all reclaimed so changes constantly; these items sell up quickly so customers are advised to act quickly if they see something they like.

Brass and Nickel Hardware - Knobs and escutcheons made from solid brass are available in designs that sympathetically follow traditional styles of Beehive, Bloxwich, Regency, Georgian and Cottage.

Glass Hardware - Finest quality knobs made from Bohemian crystal are available with both nickel and brass back plates.

Wooden Hardware - Door knobs taken from original designs of Beehive, Edwardian, Gothic and Bun style, made from African hardwood with brass back plates, are available in both natural and ebonised finish.

Black Hardware - All the available items have been drawn and hand forged in the traditional manner. The designs are faithful reproductions of the best in English blacksmithing. MASCo WALCOT offers a selection of sizes and styles that represent traditional country hardware.
